

DESK SYSTEMS

grID

Bulo Designers

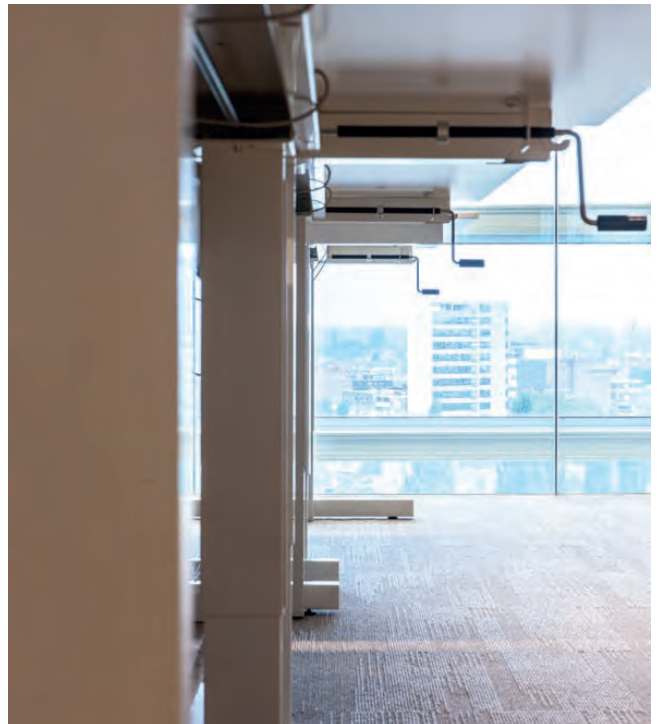

grID is a height adjustable modular system with a clean and minimal approach. The architectural language is inspired by the rigid minimalism of the De Stijl movement. The table tops are in laminates and the frames are made of steel in black or white lacquer finish.

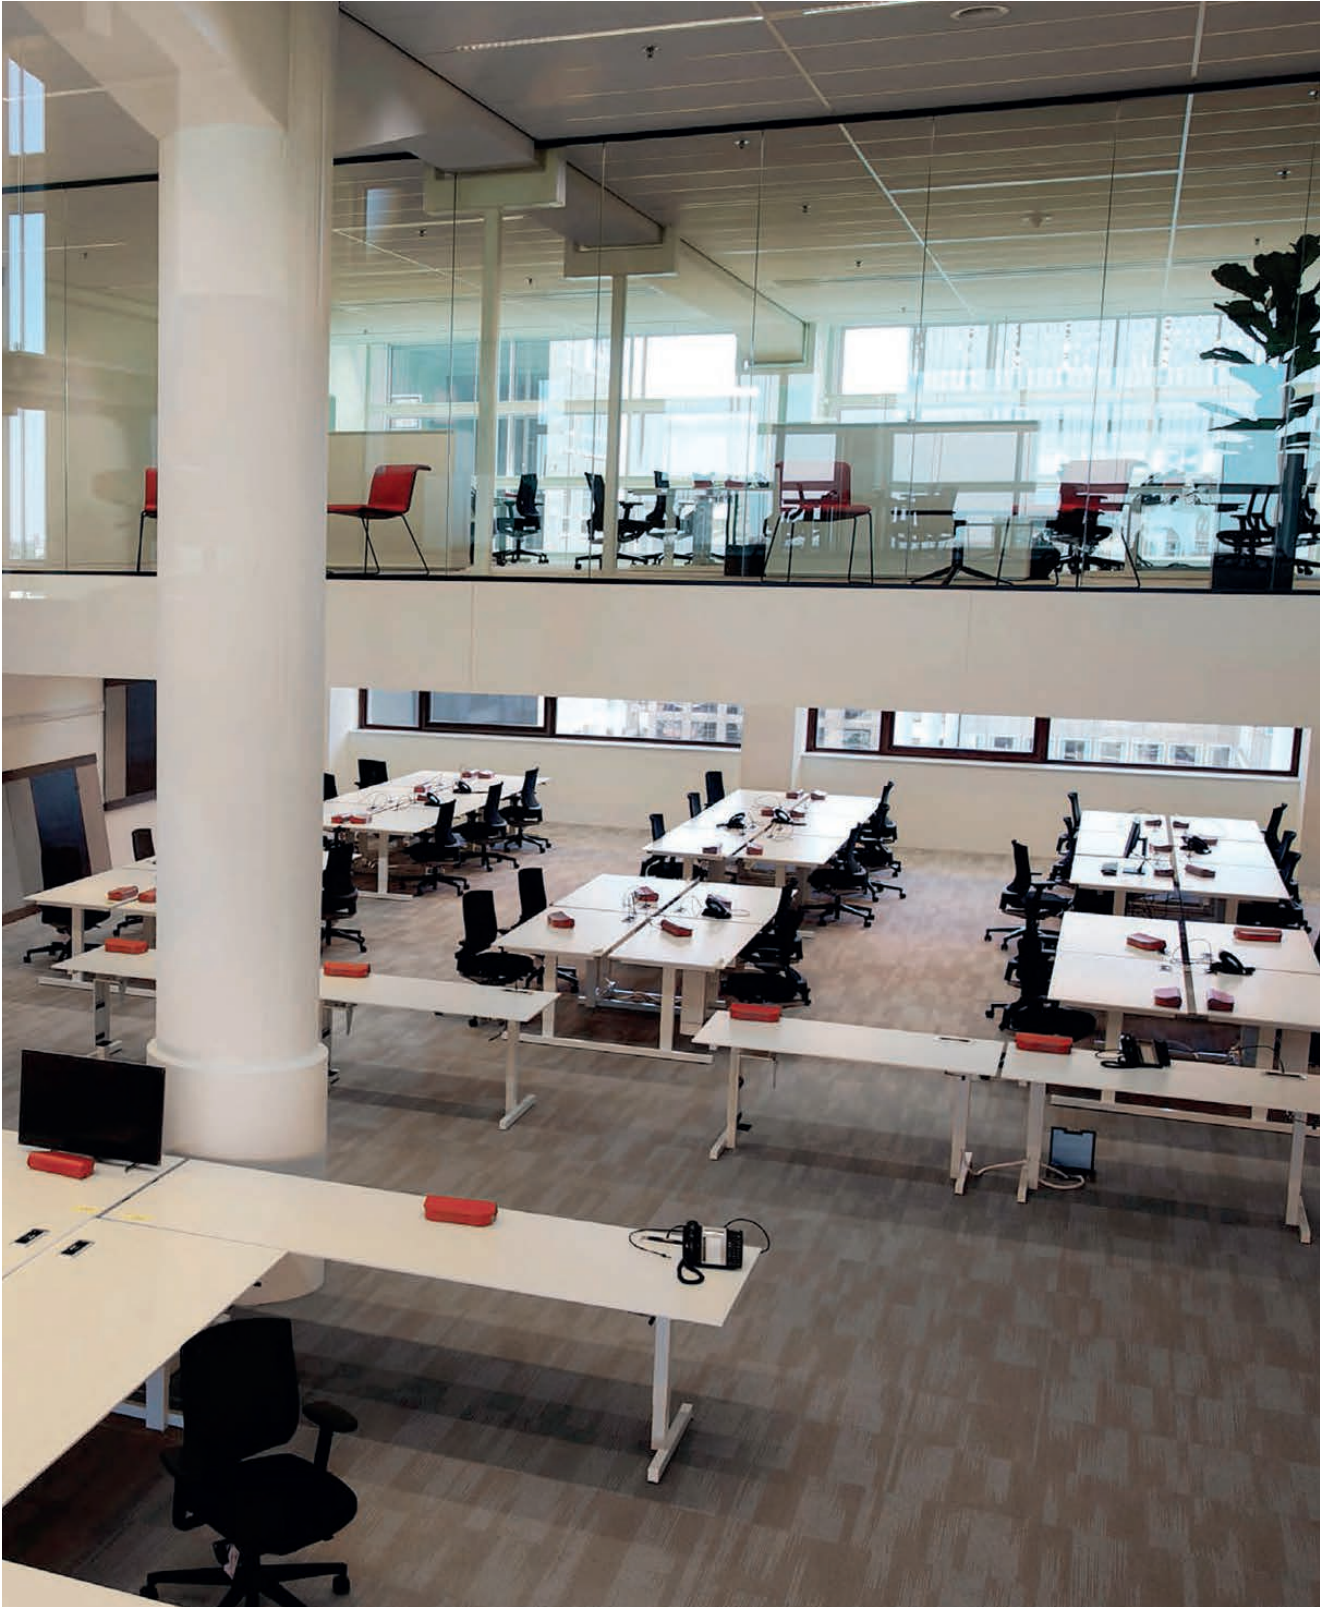

grID is een hoogteverstelbaar modulair meubelsysteem dat zijn inspiratie vindt in de strakke vormgeving van de Nederlandse kunststroming "de Stijl". De tafelbladen zijn in laminaat en het stalen onderstel is gelakt, wit of zwart.

La collection grID est un système modulaire et réglable en hauteur. La combinaison pure de lignes et rectangles fait référence au langage architectural du mouvement artistique néerlandais « De Stijl ». Les plateaux sont en laminaat et le piètement en acier a une finition laquée en blanc ou en noir.
