

spillo

Spillo è un tavolo dai minimi ingombri volumetrici, il top in HPL ha un bordo perimetrale visibile di soli 3mm. Il telaio in acciaio sottostante ha geometrie che massimizzano la resistenza e la rigidità del top, consentendo lunghezze sino a 300 cm. Il telaio ed i supporti a forma conica in acciaio costituiscono un insieme della massima leggerezza volumetrica.

The Spillo table offers minimum volume. The HPL top has a visible perimeter edge of just 3 mm. The underneath steel frame has geometries to maximise the strength and sturdiness of the top, allowing lengths up to 300 cm. The frame and the supports, which are made of steel and conical in shape, give an overall maximum volumetric lightness.

Spillo est une table présentant un encombrement volumétrique minimum, le plateau en HPL a un bord périphérique visible de 3mm seulement. La structure inférieure en acier présente des géométries qui augmentent au maximum la résistance et la rigidité du plateau, permettant des longueurs allant jusqu'à 300 cm. La structure et les supports de forme conique en acier constituent un ensemble de la plus grande légèreté volumétrique.

Spillo ist ein Tisch mit einem minimalem Platzbedarf, das Abschlussbord aus HPL hat eine sichtbare Kontouführung von nur 3 mm. Die Geometrien des darunter liegenden Rahmens aus Stahl maximieren die Widerstandsfähigkeit und Steifheit des Abschlussbords und ermöglichen somit Längen von bis zu 300 cm. Die Rahmen und konischen Stützen aus Stahl bilden eine Einheit mit maximaler, volumetrischer Leichtigkeit.

Spillo es una mesa de dimensiones volumétricas mínimas. El sobre de HPL tiene un borde perimetral visible de solo 3 mm. El bastidor inferior de acero posee unas geometrías que maximizan la resistencia y la rigidez del sobre, permitiendo longitudes de hasta 300 cm. El bastidor y los soportes cónicos de acero componen un conjunto de máxima ligereza volumétrica.

passacavo disponibile per tutti i top
cable gland available for all tops
passe-câble disponible pour tous les plateaux
Kabeldurchlass für alle Abschlussborde verfügbar
pasacables disponible para todos los sobres

Le materie prime che costituiscono il sistema spillo derivano da un processo di riutilizzo e sono a loro volta riciclabili.

The primary materials used in the system spillo are sourced from a reuse process, and are in turn recyclable.

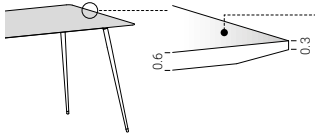

Les matières premières qui composent le système spillo dérivent d'un processus de réutilisation et sont à leur tour recyclables.

Die Rohstoffe für das System spillo entstammen einem Wiederverwertungsprozess und sind Ihrerseits wiederum recyclebar.

Las materias primas que constituyen el sistema spillo proceden de un proceso de reutilización y son, a su vez, reciclables.
