

EVOLUTION

Our strict and stripped-down storage furniture has the greatest focus on function but does not leave quality & design to chance.

All products in the Evolution series are based on A4-adapted height-units which make it easy to maximize the utilization of the room's space.

Your base- our craftsmanship
 "Genuine craftsmanship and accurate. Storage that blends in. A wide range solves the needs in all situations. Classic, sustainable and cost-effective. Without the slightest hassle."

- MIZETTO

ALSTER

Hard cardboard meets soft leather. Alster to wear with pride.

In sharp folds, paper becomes hard. Within the encounter of laquered surface and soft natural leather, harmony unfolds.

Together with Alstermo Bruk, we've developed a series that lifts the concepts of personal storage to a new level. With 100% recycled fiberboard, and natural tanned leather, we are able to minimize the environmental impact. Durable lacquered cardboard bags are a natural part of the mobile and environmentally conscious office. A choice to be proud of.

Folder - A foldable office bag for the activity based office. Fits in all our lockers.

Holder - An accessory to Folder. Keeps paper, pens and computer organized.

Shoulder - A computer case that you can easily throw over your shoulder.

Hipster - A bag with a lot of character that can easily be adjusted between three positions; portfolio, shoulder bag and backpack.

Roller - An interpretation of the classic drawing tube, holds rolled A2 sheets.

Design: ADDI

POSE

Rows, angles, and repetition.

Combine Pose to create a graphic pattern or a winding maze.

Pose is an exposure shelf that can be all that you need: mailbox, paper stock or magazine shelf. With high-quality craftsmanship, beveled edges, precise corners and small depth, Pose can become more of a sculpture than furniture.

Pose is available in three different sizes to be combined and varied in indefinitely
