Sibilla, la voce della luce.

Per mezzo di un frame sospeso che anima lo spazio con l'audacia espressiva di un tratto grafico di ispirazione De Stijl, i flussi luminosi vengono incanalati come onde sonore e distribuiti in tutte le direzioni.

Sibilla, the voice of light.

Evoking the myth of the sibyls, who were famously interrogated to elicit prophecies, this light was designed as if it were sound travelling through space, making its radiant voice heard as it exudes a sense of both poeticism and practicality.
