**Pio e Tito Toso**

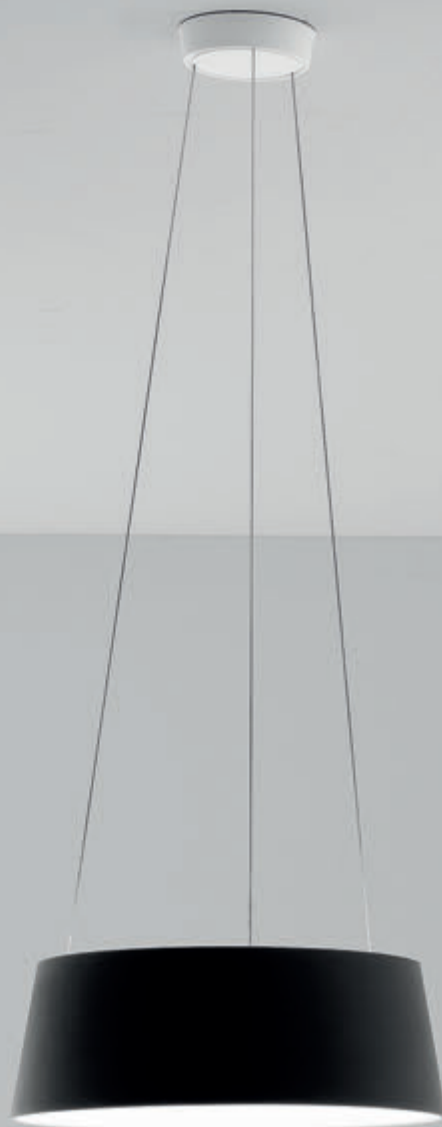

2016

---

The familiar design of Oxygen stems from the standard lamp shade, proportioned in all of its forms. It houses the OptiLight™ diffuser, which produces soft and uniform illumination, directed downwards and upwards. The Oxygen collection is both vast and versatile thanks to the various dimensions and finishes. • **Polyurethane lampshade, PMMA diffuser, metal wire casing. Finishes: white/white, black/white, yellow/white, light blue/white.**

Le design familier d'Oxygen est déterminé par l'archétype de l'abat-jour, proportionné dans toutes ses formes. Il abrite à l'intérieur le diffuseur OptiLight™, qui développe une lumière douce et uniforme, tant vers le bas que vers le haut. Oxygen est une collection étendue et polyvalente grâce à ses différentes tailles et finitions. • **Abat-jour en polyuréthane, diffuseur en PMMA, pavillon en métal. Finitions : blanc/blanc, noir/blanc, jaune/blanc, bleu/blanc.**

El diseño familiar de Oxygen está determinado por la pantalla arquetípica, proporcionada en todas sus variantes. En su interior alberga el difusor OptiLight™, que desarrolla una luz suave y uniforme, tanto hacia abajo como hacia arriba. Oxygen es una colección extensa y versátil gracias a sus diferentes tamaños y acabados. • **Pantalla en poliuretano, difusor en PMMA, cubierta de cable en metal. Acabados: blanco/blanco, negro/blanco, amarillo/blanco, azul/blanco.**
